POINTS COVERED IN PROJECT

ReadMe.md

UNIQUENESS

1. StopOver Nodes
2. Weight Nodes
3. Random Maze/Pattern gen
4. UI/facts/front popup
5. Speed setter
6. 2 destinations

TECHNICAL ACH

- What are you solving-motivation
- High level diagram- system design
- Low level diagram
- Detail level diagram- working
- Screen shots- explanatory doc
- Functional Programming paradigm- every algorithm/file-agent program which contains agent functions.

CODE QUALITY

1. Size
2. Consistency – should work on all browsers- -Edge,Chrome,Firefox,Safari
3. Structure-understandable (variable names/indentation/flow)
4. Complexity- fast speed+doesn't take time to load algorithms etc

RELEVANCE TO THEME

1. UI/UX
2. Animations
3. Various Ideas included in Uniqueness
